

The Bay Area Leader in Artificial Turf®

Product Comparison

Not all artificial turf products are the same – each product type has unique features and benefits that are optimal for a specific purpose. For example, if you have flooding problems or a few large dogs, you’re probably looking for synthetic grass with superior drainage to keep your lawn dry. If you are planning a play area for your children, you may want something with good fall protection ratings. Our Product Comparison guide will help you decide what kind of artificial grass is right for you.

Features:

- Multiple Shades and Textures
- Superior MaxxFlow Backing
- 1” - 2” Pile Height
- ASTM Fall Rating
- Eco-Friendly Infill Options
- 51oz. - 90oz. Face Weight

Benefits:

- Minimal Maintenance, No Watering
- Superior Drainage Capabilities
- Antimicrobial and Hypoallergenic Surface
- Helps Keep Pet Areas Clean
- Safe and Non-toxic Infill
- Fertilizer and Pesticide Free
- Recycled & Recyclable
